400 West 1st Street
Chico, CA 95929

Dear Dr. Gayle E. Hutchinson:

The ATMAE Board of Accreditation conducted hearings on accreditation requests on Wednesday, November 2, 2016. The progress report on your ATMAE-accredited program was among those considered. We are pleased to notify you that the Board accepted the report for the program noted below:

- Bachelor of Science in Sustainable Manufacturing

The program will be eligible for ATMAE reaccreditation in 2020. We will send notices regarding future due dates. Meanwhile, it is the responsibility of each institution to inform ATMAE of material changes to accredited programs and of changes to the contact information for those handling ATMAE accreditation issues.

We hope that the accrediting services provided by ATMAE have been beneficial to your program and we look forward to your organization's participation in the development, implementation and evaluation of the appropriate standards for our profession.

Regards,

Kelly Schild

Dear Dr. Arthur Vailas:

The ATMAE Board of Accreditation conducted hearings on accreditation requests on Wednesday, November 2, 2016. The progress report on your ATMAE-accredited program was among those considered. We are pleased to notify you that the Board accepted the report, with another report due in one year on standards listed for the below programs:

- Associate of Applied Science in Computer Aided Drafting Design Technology:
  Report on standards PA1, 7.1, 7.2, 7.12, 7.19

- Associate of Applied Science in Computerized Machining Technology:
  Report on standards PA1, 7.1, 7.2, 7.8, 7.12, 7.19

While the accreditation period extends to November 2020, the one-year report will be due in September of 2017 for the 2017 hearings which is Wednesday, November 1, 2017. We will send notices regarding future due dates. Meanwhile, it is the responsibility of each institution to inform ATMAE of material changes to accredited programs and of changes to the contact information for those handling ATMAE accreditation issues.

We hope that the accrediting services provided by ATMAE have been beneficial to your program and we look forward to your organization's participation in the development, implementation and evaluation of the appropriate standards for our profession.

Mrs. Kelly Schild
Director of Accreditation

December 5, 2016

Chuck Staben, President
University of Idaho
Administration Building
Room 105
Moscow, ID 83844-3151

Dear Chuck Staben:

The ATMAE Board of Accreditation conducted hearings on accreditation requests on Wednesday, November 2, 2016. The progress report on your ATMAE-accredited programs were among those considered. We are pleased to notify you that the Board accepted the report for the programs noted below:

- Bachelor of Science in Industrial Technology

The programs will be eligible for ATMAE reaccreditation in 2018. We will send notices regarding future due dates. Meanwhile, it is the responsibility of each institution to inform ATMAE of material changes to accredited programs and of changes to the contact information for those handling ATMAE accreditation issues.

We hope that the accrediting services provided by ATMAE have been beneficial to your program and we look forward to your organization's participation in the development, implementation and evaluation of the appropriate standards for our profession.

Regards,

Kelly Schild

Dear Dr. Dennis J. Shields:

The ATMAE Board of Accreditation conducted hearings on accreditation requests on Wednesday, November 2, 2016. The progress report on your ATMAE-accredited program was among those considered. We are pleased to notify you that the Board accepted the report, with another report due in one year on standards 7.12, 7.13, 7.14, 7.15, and 7.19 for the programs noted below:

- Bachelor of Science in Industrial Technology Management - Building Construction Management: Report on standards 7.5, 7.8, 7.9, 7.11, 7.15
- Bachelor of Science in Industrial Technology Management - Building Construction Safety Management: Report on standards 7.5, 7.8, 7.9, 7.11, 7.15
- Bachelor of Science in Industrial Technology Management - Manufacturing Technology Management: Report on standards 7.5, 7.9, 7.11
- Bachelor of Science in Industrial Technology Management - Occupational Safety Management: Report on standards 7.5, 7.8, 7.9, 7.11, 7.15

While the accreditation period extends to November 2020, the one-year report will be due in September of 2017 for the 2017 hearings which is Wednesday, November 1, 2017. We will send notices regarding future due dates. Meanwhile, it is the responsibility of each institution to inform ATMAE of material changes to accredited programs and of changes to the contact information for those handling ATMAE accreditation issues.

We hope that the accrediting services provided by ATMAE have been beneficial to your program and we look forward to your organization's participation in the development, implementation and evaluation of the appropriate standards for our profession.
