Dr. Tisa Mason, President
Fort Hays State University
Center for Applied Technology 121
600 Park St
Hays, KS 67601

Dear Dr. Mason,

The ATMAE Board of Accreditation conducted their annual accreditation hearings on Wednesday, November 3, 2021. Your reaccreditation request was among those reviewed and considered. We are pleased to notify you that the following program(s)/option(s) is granted ATMAE accreditation with a progress report due in two years (September 2023).

- BS in Technology Studies with Options in:
  - Construction Managmement
  - Construction Technology
  - Engineering Design Technology
  - Manufacturing Technology

The two-year progress report will need to address the partial/non-compliances as documented in the Visiting Team Report, for Standards:

- 6 – Program Structure & Course Sequencing;
- 10 – Administrative Support & Faculty Qualifications; and
- 11 – Facilities, Equipment & Technical Support.

The program(s) will be eligible for ATMAE reaccreditation in 2027. We will send reminder notices regarding future deadlines, but it is the responsibility of each institution to keep ATMAE informed of changes to accredited programs and or contacts handling ATMAE accreditation.

We hope that the accrediting services provided by ATMAE have been beneficial to your program and we look forward to your organization's participation in the development, implementation, and evaluation of the appropriate standard for our profession.

Sincerely,

Amy Good

Todd Diacon, President
Kent State University
P.O. Box 5190
800 East Summit Street
Kent, OH 44242-0001

Dear Dr. Diacon,

The ATMAE Board of Accreditation conducted their annual accreditation hearings on Wednesday, November 3, 2021. Your reaccreditation request was among those reviewed and considered. It was unfortunate that Kent State was not present at the hearings to provide comments, as required by ATMAE. Due to no representation, the Board had to act with only the recommendation of the Visiting Team Chair. We are pleased to notify you that the following program are granted ATMAE accreditation with a progress report due in two years (September 2023).

- BS in Applied Engineering with Technology Management Concentration
- BS in Computer Engineering Technology
- BS in Mechanical Engineering Technology

The two-year progress report will need to address the partial/non-compliances as documented in the Visiting Team Report, for Standards:

- 5 – Program Learning Outcomes Identification & Validation;
- 15 – Job Advancement of Graduates;
- 16 – Employer Satisfaction with Job Performance; and
- 18 – Outcome Measures Used to Improve Program

The program(s) will be eligible for ATMAE reaccreditation in 2026. We will send reminder notices regarding future deadlines, but it is the responsibility of each institution to keep ATMAE informed of changes to accredited programs and or contacts handling ATMAE accreditation.

We hope that the accrediting services provided by ATMAE have been beneficial to your program and we look forward to your organization's participation in the development, implementation, and evaluation of the appropriate standard for our profession.

Sincerely,

Amy Good

December 8, 2021

Philip Rogers
Chancelor
East Carolina University
East Fifth Street
Greenville, NC 27858-4353

Dear Dr. Rogers,

The ATMAE Board of Accreditation conducted their annual accreditation hearings on Wednesday, November 3, 2021. Your progress report was among those reviewed and considered. We are pleased to notify you that the following programs/options are granted ATMAE accreditation with no further action required.

- BS - Information & Computer Technology - Option: Computer Networking
- BS - Information & Computer Technology - Option: Information Technology
- BS - Information & Computer Technology - Option: Information Security
- BS - Industrial Technology - Option: Architectural Design Technology
- BS - Industrial Technology - Option: Bioprocess Manufacturing
- BS - Industrial Technology - Option: Distribution and Logistics
- BS - Industrial Technology - Option: Health Information Technology
- BS - Industrial Technology - Option: Industrial Management
- BS - Industrial Technology - Option: Information and Computer Technology
- BS - Industrial Technology - Option: Industrial Engineering Technology
- BS - Industrial Technology - Option: Mechanical Design Technology
- MS - Network Technology (MSNT) - Option: Digital Communications Technology
- MS - Network Technology (MSNT) - Option: Computer Networking Management
- MS - Network Technology (MSNT) - Option: Information Security
- MS - Network Technology (MSNT) - Option: Web Technologies

The programs will be eligible for ATMAE reaccreditation in 2025. We will send reminder notices regarding future deadlines, but it is the responsibility of each institution to keep ATMAE informed of changes to accredited programs and contacts handling ATMAE accreditation.

We hope that the accrediting services provided by ATMAE have been beneficial to your program and we look forward to your organization's participation in the development, implementation, and evaluation of the appropriate standard for our profession.

Sincerely,

Amy Good
