Dear Dr. Nave,

The ATMAE Board of Accreditation (BoA) conducted its annual accreditation hearings on Wednesday, November 9, 2022. Your institution's request for reaccreditation was among those reviewed and considered.

I am pleased to notify you on behalf of the BoA that the following programs are granted ATMAE accreditation with a progress report due in two years (2024). The two-year progress report will need to address the partial/non-compliances as documented in the Visiting Team Report, for the following Standards:

- BS - Robotics & Automation Technology
  Standards: 1,4,5,9,11,12,13,14,17,18,19

This program will be eligible for ATMAE reaccreditation in 2028. We will send reminder notices regarding future deadlines, but it is the responsibility of each institution to keep ATMAE informed of changes to accredited programs and contacts handling ATMAE accreditation.

We hope that the accrediting services provided by ATMAE are beneficial to your program.

Sincerely,

Amy Good
Managing Director of Accreditation

I am pleased to notify you on behalf of the BoA that the following programs/options are granted ATMAE accreditation with no further actions required.

- AAS - Computer Information Technology with options:
  - Game Design
  - Information/Security Assurance
  - Programmer/Analyst
  - Web Design
- AAS - Architectural/Design Construction Technology
- AAS - Computer Aided Design & Drafting
- AAS - Computer Network Technology

The following programs have been granted accreditation with a progress report due in one year. The progress report will need to address the partial/non-compliances for Standard 17 only as documented in the Visiting Team Report.

- AAS - Civil & Construction Applied Engineering Technology with options:
  - Civil Construction
  - Construction Management
- AAS - Electronics Service Technology with options:
  - Biomedical Equipment
  - Electronics Repair

All of these programs will be eligible for ATMAE reaccreditation in 2026. We will send reminder notices regarding future deadlines, but it is the responsibility of each institution to keep ATMAE informed of changes to accredited programs and/or contacts handling ATMAE accreditation.

We hope that the accrediting services provided by ATMAE are beneficial to your programs.

November 23, 2022

William Balzer, PhD
Owens Community College
30335 Oregon Road
Perrysburg, OH 43551

Dear Dr. Balzer,

The ATMAE Board of Accreditation (BoA) conducted its annual accreditation hearings on Wednesday, November 9, 2022. Your institution's request for accreditation was among those reviewed and considered.

I am pleased to notify you on behalf of the BoA that the following programs are granted ATMAE accreditation with a progress report due in two years (2024). The two-year progress report will need to address the partial/non-compliances as documented in the Visiting Team Report, for the following Standards:

Program	Standards
• AAS - Biomedical Electronics	13,15,17,18
• AAS - CAD Technology	13,15,17,18
• AAS - Caterpillar Dealer Service Technician	13,15,18
• AAB - Computer Programming Technology	13,15,17,18
• AAS - Computer Science	13,15,17,18
• AAS - Electrical/Electronics Engineering Technology	13,15,17,18
• AAS - Information Systems Technology	13,15,17,18
• AAB - Networking and Information Systems Support	13,15,17,18
• AAS - Wide-Area Networking Technology	13,15,17,18

The programs will be eligible for ATMAE reaccreditation in 2027. We will send reminder notices regarding future deadlines, but it is the responsibility of each institution to keep ATMAE informed of changes to accredited programs and contacts handling ATMAE accreditation.

We hope that the accrediting services provided by ATMAE are beneficial to your program(s).

Sincerely,

Amy Good

The ATMAE Board of Accreditation (BoA) conducted its annual accreditation hearings on Wednesday, November 9, 2022. Your institution's initial request for accreditation was among those reviewed and considered.

I am pleased to notify you on behalf of the BoA that the following program is granted ATMAE accreditation with a progress report due in two years (2024). The two-year progress report will need to address the partial/non-compliances as documented in the Visiting Team Report, for the following Standards:

Program/Option	**Standards**
BS - Industrial Technology - Construction Management	10, 11
BS - Industrial Technology - Drafting & Design	10, 11
BS - Industrial Technology - Safety Management	10, 11
BS - Industrial Technology - Manufacturing Management	9, 10, 11

The programs/options will be eligible for ATMAE reaccreditation in 2026. We will send reminder notices regarding future deadlines, but it is the responsibility of each institution to keep ATMAE informed of changes to accredited programs and contacts handling ATMAE accreditation.

We hope that the accrediting services provided by ATMAE are beneficial to your program.

Sincerely,

Amy Good
Managing Director of Accreditation
