Dear Dr. Cook,

The ATMAE Board of Accreditation conducted its annual accreditation hearings on October 28, 2024. Your institution's progress report & follow-up visit was among those reviewed and considered.

I am pleased to notify you on behalf of the board that the following program was granted accreditation with no further action:

- BS - Robotics and Automation Technologies

The program will be eligible for ATMAE reaccreditation in 2028. As always, we will send reminders to support your planning; however, we ask that your team keep ATMAE updated on any changes to accredited programs or key contacts for accreditation matters.

We encourage you to celebrate this important achievement by sharing it with your students, faculty, and community. Displaying the "*Accredited by ATMAE*" logo on your website and in promotional materials is an excellent way to showcase your program's quality and commitment to excellence. The logo is available for download at link.atmae.org/stamp.

Congratulations once again to you, your faculty, and your students on this significant accomplishment. We look forward to supporting your program's continued success.

Sincerely,

Amy Good
Managing Director of Accreditation

Dr. Zulma Toro, President
Central Connecticut State University
1615 Stanley Street
New Britain, CT 06050

Dear Dr. Toro,

The ATMAE Board of Accreditation conducted its annual accreditation hearings on October 28, 2024, during which your institution's request for initial accreditation was reviewed.

I am pleased to notify you on behalf of the board that the following programs have been granted accreditation:

- MS-Supply Chain & Logistics Management
- MS-Technology Management

The Visiting Team Report identified areas of partial compliance with ATMAE standards 5, 8, and 9, which would ordinarily require a progress report within two years. However, because CCSU has additional programs scheduled for reaccreditation in 2026, the Board has waived the need for a separate progress report. Instead, we ask that all ATMAE-accredited programs, including the two listed above, complete the reaccreditation process together in 2026 to align cycles. The areas of partial compliance identified in this accreditation process should be addressed in the reaccreditation self-study report due that year.

As always, we will send reminders to support your planning; however, we ask that your team keep ATMAE updated on any changes to accredited programs or key contacts for accreditation matters.

We encourage you to celebrate this important achievement with your students, faculty, and community. Displaying the "*Accredited by ATMAE*" logo on your website and in promotional materials is an excellent way to highlight your program's quality and commitment to excellence. The logo is available for download at link.atmae.org/stamp.

Congratulations to you, your faculty, and your students on this significant accomplishment. We look forward to supporting the continued success of your programs.

Harrison B. Wilson Hall, 5th floor
700 Park Avenue
Norfolk, VA23504

Dear Dr. Adams-Gaston,

The ATMAE Board of Accreditation conducted its annual accreditation hearings on October 28, 2024. Your institution's progress report was among those reviewed and considered.

I am pleased to notify you on behalf of the board that the following programs were granted accreditation with no further action.

- BS - Electronics Engineering Technology
- BS - Computer Engineering Technology
- BS - Construction Management Engineering Technology
- AS - Architectural Drafting

The programs will be eligible for ATMAE reaccreditation in 2027. As always, we will send reminders to support your planning; however, we ask that your team keep ATMAE updated on any changes to accredited programs or key contacts for accreditation matters.

We encourage you to celebrate this important achievement by sharing it with your students, faculty, and community. Displaying the "*Accredited by ATMAE*" logo on your website and in promotional materials is an excellent way to showcase your program's quality and commitment to excellence. The logo is available for download at link.atmae.org/stamp.

Congratulations once again to you, your faculty, and your students on this significant accomplishment. We look forward to supporting your program's continued success.

Sincerely,

Amy Good

The ATMAE Board of Accreditation conducted its annual accreditation hearings on October 28, 2024. Your institution's progress report was among those reviewed and considered.

I am pleased to notify you on behalf of the board that the following programs were granted accreditation with a progress report due in 2025. This report shall address the areas of partial compliance described in the Visiting Team Report. The relevant ATMAE (2021) standards are listed below:

Program	**2021 Standards**
AAS - Computer Programming Technology	13, 15, 18
AAS - Computer Science	13, 15, 18
AAS - Information Systems Technology	13, 15, 18
AAS - Networking and Information Systems Support	13, 15, 18
AAS - Wide Area Networking Technology	13, 15, 18
AAS - Electrical/Electronics Engineering Technology	13, 15, 17, 18
AAS - CAD Technology	13, 15, 17, 18
AAS - Caterpillar Dealer Service Technician Program	13, 15, 17, 18

All programs will be eligible for ATMAE reaccreditation in 2027. As always, we will send reminders to support your planning; however, we ask that your team keep ATMAE updated on any changes to accredited programs or key contacts for accreditation matters.

We encourage you to celebrate this important achievement by sharing it with your students, faculty, and community. 1537 University Blvd
Morrilton, AR 72110

Dear Dr. Willenberg,

The ATMAE Board of Accreditation conducted its annual accreditation hearings on October 28, 2024. Your institution's progress report was among those reviewed and considered.

I am pleased to notify you on behalf of the board that the following programs were granted accreditation:

- AAS - Computer Information Systems Technology
- AAS - Computer Aided Drafting & Design Technology
- AAS - Industrial Mechanics & Maintenance Technology
- AAS - Surveying
- AAS - Business

The programs will be eligible for ATMAE reaccreditation in 2026. As always, we will send reminders to support your planning; however, we ask that your team keep ATMAE updated on any changes to accredited programs or key contacts for accreditation matters.

We encourage you to celebrate this important achievement by sharing it with your students, faculty, and community. Displaying the "*Accredited by ATMAE*" logo on your website and in promotional materials is an excellent way to showcase your program's quality and commitment to excellence. The logo is available for download at link.atmae.org/stamp.

Congratulations once again to you, your faculty, and your students on this significant accomplishment. We look forward to supporting your program's continued success.

Sincerely,

Amy Good
